1. Introduction

- 1.1 Warrington Safeguarding Children Board (WSCB) is pleased to offer a programme of multi agency training for 2018 to 2019. This includes core courses which are confirmed at this time. New and repeated courses will be added throughout the year that will reflect the WSCB priorities and the changing agenda for the Safeguarding Children Board. The most up to date list of training can be found on www.warringtonsafeguarding.org
- 1.2 Although Domestic Abuse courses and safeguarding children courses are offered by different providers, an effort has been made to link the training programmes so that managers and staff are aware of the full range of courses on offer. In addition, this will ensure that the WSCB maintains an overview of all training activity across the safeguarding continuum.
- 1.3 This programme will be regularly updated as information becomes available. The most current up to date version will be published on the **WSCB website** www.warringtonlscb.org in the 'Training' section. Details of courses will also be added to www.warringtonsafeguarding.org

2. Safeguarding Children Training

- 2.1 Working Together 2015, Chapter 2 (Organisational responsibilities) states that Section 11 Children Act 2004 places a duty on a range of organisations and individuals to ensure their functions and any services that they contract out to others are discharged having regard to the need to safeguard and promote the welfare of children and young people.
- 2.2 The WSCB has published a Workforce Development and Training Strategy which states: *Managers, practitioners and volunteers across the Partnership who work with children and young people or their parents (for example in Adults' Services) must be appropriately skilled, competent and confident, with the requisite knowledge, behaviours and attributes (competencies) to enable them to carry out their responsibilities in regard to safeguarding our children and young people.* Employers therefore are responsible for ensuring that their staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children.
- 2.3 Staff should be given a mandatory induction, which includes familiarisation with child protection responsibilities and procedures to be followed if anyone has any concerns about a child's safety or welfare. Employers should also ensure delivery of refresher update training as appropriate to the organisational needs (see para 2.11 below). All staff and volunteers must also take full responsibility for

their own learning and this is a dynamic process and should not be left to any formal based training alone.

Single Agency Training.

- 2.4 Single - agency training is defined as training carried out by a particular agency for its own staff. The training should focus on aspects of safeguarding the individual employee needs to carry out their role/responsibilities effectively. Employers are responsible for its organisation and delivery.
- 2.5 Agencies who are not yet undertaking single agency training can contact the WSCB, who can offer advice and discuss the agency's training requirements. Email wscb@warrington.gov.uk for information.
- 2.6 Smaller voluntary and private agencies may not be in a position to provide single - agency training. Where this is the case, such staff can undertake the WSCB Basic Awareness course (Early Help and Safeguarding Children: A Shared Responsibility). Please see the Training Calendar for details
- 2.7 There is an expectation that employers, especially those represented on the WSCB, will offer any appropriate single - agency training to all their staff prior to booking relevant staff onto multi - agency training.

Multi - Agency Training

- 2.8 Multi - agency training (also known as inter-agency training) is training delivered to a range of staff from across different agencies that come together for training and professional development.
- 2.9 *Working Together 2015*¹ and *Professor Eileen Munro' 2011*² both affirm the importance of multi-agency training. Research has shown that
*"...multi - agency training is effective in helping professionals understand their respective roles and responsibilities, the procedures of each agency involved in safeguarding and promoting the welfare of children, and in developing a shared understanding of assessment and decision-making practices. Further, the opportunity to learn together is greatly valued: participants report increased confidence in working with colleagues from other agencies and greater mutual respect"*³.
- 2.10 The WSCB provides multi - agency training through its Training Pool. The Training Pool is made up of staff with key skills across the

partnership. This evidences the importance and commitment board members give to the WSCB multi agency - training programme.

Refresher / Update Training

- 2.11 Any refresher/update training should be delivered as appropriate and in accordance to organisational needs. However, all staff should be offered refresher/update training within 3 years of their last safeguarding training session – either through single - agency or multi - agency courses as appropriate. For those members of staff wishing to refresh their skills in a multi - agency training environment, the WSCB Update Foundation course may be appropriate depending on identified training needs and previous training.

Training Needs

- 2.12 All staff will identify their safeguarding learning needs through their internal supervision and staff development programmes. Employers have a responsibility to identify their organisational training needs and that of their staff. Staff should have the opportunity to discuss wider training needs and development opportunities with their managers.

3. Charging Policy

- 3.1 There is currently no charge for staff from the statutory (including schools) Private and voluntary sector to access training, but places are restricted to attendees who work with Warrington's children and families. This may be subject to change with notice.
- 3.2 Agencies will be charged a **£25 admin fee** for delegates who do not cancel their place by 7 days before the course or who fail to attend training they have booked. Please speak to the WSCB Core Team if you are unable to attend; you may be able to waive the fee by cancelling early or by nominating another suitable colleague to take your place. NB. Course booking and cancellation is through the booking site www.warringtonsafeguarding.org .

Each training pool member is supported by regular development days to enhance skills and knowledge.
- 6.3 For specialist courses, additional trainers may be commissioned to deliver training and to support the training pool with their specialist skills. A list of recommended trainers for specialist courses is available from the North West Inter Agency Trainers (NWIAT) group via the WSCB Training Coordinator.

7. Evaluation and Quality Assurance of Courses

- 7.1 Working Together 2015 stipulates that *Safeguarding Children Boards should monitor and evaluate the effectiveness of training ... (1.4)* Warrington Safeguarding Children Board will ensure that any single and multi - agency training provided, is of good quality and that it is reaching relevant staff within organisations.
- 7.2 The WSCB Virtual Learning and Development Sub Group has developed systems for you to quality assure and evaluate your single - agency training and these have been given to board representatives to disseminate to their agency.
- 7.3 Warrington Safeguarding Children Board is committed to ensuring that it provides and delivers high quality, appropriate and effective multi - agency training.
- 7.4 In order to help the Board achieve this it is vital that an effective evaluation process is in place to gain feedback from learners and their managers on how training has had an impact on the way they work.
- 7.5 All training courses offered over the full safeguarding continuum will be evaluated to determine if learning objectives have been met and to measure satisfaction with the courses and training delivery. Evaluation forms will be available on every session and delegates should complete these at the end of the course.
- 7.6 Some courses may be selected for an in - depth evaluation of pre and post learning, at agreed timescales following training

- 7.7 Findings from all course evaluations will be shared with the WSCB. Any points for immediate action will be addressed by the relevant Training Coordinator/Training Officer following the training session
- 7.6 The Warrington Safeguarding Children Board will be inspected by Ofsted which will include an evaluation of Multi - Agency Safeguarding Children Training. Any evaluation process involves the formal assessment of the quality of the training provided, ensuring that the training is appropriate, that the training is effective and to assess whether the training has made a difference in the way that the learner undertakes their work/role. The WSCB Virtual Learning and Development Sub Group are responsible for evaluating and assessing the 'impact of training'.

8. Domestic Abuse Training

- 8.1 Responding to Domestic Abuse training is offered through the WSCB Training Programme. This is delivered jointly by Warrington Domestic Abuse Partnership (WDAP) and WSCB. The dates for this training in 2018/2019 can be found in the training calendar.
